

IRSA 2022 PROGRAM

Tuesday 09 August

0900 – 0905	Welcome	Dr Gabes Lau
SESSION 1: Lower limb venous incompetence		
Moderator: Dr John Vrazas		
0905-0920	Percutaneous management of symptomatic pelvic incompetence	Dr Martin Krauss
0920 -0935	RFA v EVLT for truncal lower limb venous incompetence	Dr John Vrazas
0935-0950	Factors influencing Polymerisation of n-BCA	Dr Joseph Grace
0950-1005	Percutaneous Mechanical closure of lower limb superficial truncal incompetence	Dr Brendan Buckley
1005-1020	Patent Foramen Ovale: Risk of Stroke in Endovenous Interventions	Dr Gilles Laur
1020-1030	Panel Discussion	
1030 – 1100	Morning Tea	
SESSION 2: Arteriovenous Fistulas for haemodialysis		
Moderator: Dr Brendan Buckley		
1100-1115	Types of AVF the IR will encounter	Dr Scott Trerotola
1115-1145	Types of AVF the IR will encounter	Dr Scott Trerotola
1145-1200	The use of uncovered Stents in maintaining fistula patency	Prof Tim Buckenham
1200-1215	DEB use in percutaneous intervention in maintaining fistula patency; is it safe and evidence based?	Dr Scott Trerotola
1215-1230	Leaving nothing behind; the Auckland experience	Prof Andrew Holden
1230 – 1330	Lunch	
SESSION 3: Venous Intervention: New horizons, false dawns and useful guidelines		
Moderator: Dr Gabes Lau		
1330- 1400	IVC filters-the beginning of the end?	Dr Scott Trerotola
1400-1415	Percutaneous creation of dialysis AVF's	A/Prof Gerard Goh
1415-1430	2020 KDOQI guidelines What the IR should know	Dr Scott Trerotola
1430-1445	Removal of incarcerated venous catheters and other foreign bodies	Dr Mark Brooks
1445-1500	Panel Discussion	
1500-1530	Afternoon Tea	
SESSION 4: Portal and Mesenteric venous intervention		
Moderator: Dr Mark Brooks		
1530-1545	BRTO, BATO, CARTO and beyond	A/Prof Warren Clements
1545-1600	The difficult trans jugular intrahepatic portosystemic shunt: alternative techniques	Dr Matthew Lukies
1600-1615	Portal and Mesenteric venous stenting	Dr Radha Popuri
1615-1630	Simultaneous hepatic and portal vein occlusion - the next evolution in liver hypertrophy	Dr. Rukshan Fernando
1630-1645	Transarterial Hepatic Immunotherapy current status and future directions	A/Prof Warren Clements
1645-1700	Panel Discussion	
1700-1800	Welcome Drinks	
1900 -2100	Welcome Function at Blue Kanu	

Wednesday 10 August

0745 – 0845	Merit Medical Sponsored Breakfast: Are we stenting too little, too late?	Rees Room
SESSION 1: Deep venous and central venous dysfunction		
Moderator: Dr Scott Trerotola		
0900-0920	Our experience with recanalisation of chronic ilio-caval occlusive disease	Dr Stephen Merrilees
0920-0940	Pre and Perioperative Imaging during Ilio Caval reconstruction	Dr Gerry O'Sullivan
0940-1000	Revascularisation of chronic venous thrombosis Techniques and Tricks	Dr Gerry O'Sullivan
1000-1020	Revascularisation of the Central Veins of the Thorax	Dr Mark Brooks
1020-1030	Panel Discussion	
1030 – 1100	Morning Tea	
SESSION 2: Paediatric IR		
Moderator: Dr S Murthy Chennapragada		
1100-1120	Paediatric venous access: Simple to advanced – tips and tricks	Dr Craig Gibson
1120-1140	Portal venous interventions in children	Dr S Murthy Chennapragada
1140-1200	Advanced interventional techniques in paediatric venous thromboembolism management	Dr Narayan Karunanithy
1200-1230	Panel Discussion	
1230 – 1330	Lunch	
SESSION 3: Political viewpoints, reflections and looking to the future		
Moderator: Dr John Vrazas
