

SAVE THE DATE

The Inaugural Australia and New Zealand Multidisciplinary Pulmonary Embolism Symposium

26–27 October 2026

The Emporium Hotel, South Bank, Brisbane

The Organising Committee of the ANZ Multidisciplinary Pulmonary Embolism Symposium would like to announce:

The first fully independent Australasian meeting for everyone involved in the care of PE, uniting clinicians, researchers and allied health professionals.

With a firm focus on how to implement highly collaborative models of best practice care.

Multidisciplinary program of respiratory, haematology, ICU, IR, vascular, anaesthetics, general internal and emergency medicine speakers and focused sessions of relevance to all.

ORGANISING COMMITTEE

A/Prof. Anna Dunn, Barwon VIC

A/Prof. Jimmy Chien, Westmead NSW

Dr Ben Brockway, Dunedin

Dr Missa Mohd Amin, Christchurch

Dr Shueh Lim, Wellington

Dr Goran Mitreski, Northern VIC

KEY SESSIONS INCLUDE

- How to start a PE service anywhere
- Rubies in the Dust: finding PEs in ED (without scanning everyone)
- Acute PE emergencies: inotropes, anaesthetic and ECMO - challenges and experiences
- Addressing anticoagulation challenges: pregnancy, obesity, cancer, athletes and thrombophilias - an expert take
- Risk stratification - AHA, ESC and the Holy Grail of simple patient phenotyping
- Imaging in PE - CT, VQ and echo - where are we and where to next?
- Long term outcomes in PE - its not all CTEPH
- Decoding the evidence - what do the new studies mean for my patients
- Evolving evidence and the revascularisation landscape
- Do I stay or do I go now? PE networks and transfer/retrieval
